## **Part 1: Governing Body Statement of Intent**

Effective health and safety management is integral to delivering our ambition for excellence in education and our performance as a school. Our overall objective is to provide and maintain a safe and healthy environment for our staff and pupils and others with whom we work.

We will achieve this by:

- Developing and maintaining a positive health and safety culture with an emphasis on continually improving our performance taking into account human and cultural factors
- Ensuring that health and safety management is an integral part of decision making and organisational processes
- Adopting a sensible and proportionate approach to managing risks, with well informed decision making processes for higher risk activities and ensuring a disproportionate amount of time is not spent on trivial or everyday risks
- Providing a safe and healthy working environment for our staff, pupils and others working in the school
- Ensuring safe working methods are in place and providing safe equipment.
- Communicating and consulting with our staff and their trade union representatives
- Complying with statutory requirements and where possible best practice.
- Investigating and learning the lessons from accidents and work related ill health incidents
- Providing effective information, instruction and training to enable our staff to be competent in their roles
- Monitoring and reviewing systems and preventative measures to make sure they are suitable, sufficient and effective.
- Ensuring adequate resources are made available to fulfil our health and safety responsibilities and objectives.
- Working with and monitoring our contractors to ensure consistent and comparable health and safety standards

We recognise that overall responsibility for health and safety lies with all levels of management having direct responsibility for activities and staff under their control. However, all staff have a legal and moral responsibility to take reasonable care for the health and safety of themselves and for others who may be affected by their acts or omissions.
