

Year 6 Newsletter

Summer Term is upon us already! We hope you had a restful Easter holiday and that children have returned refreshed and raring to go! Children have worked so hard throughout Spring term with SATs fast approaching- only a few more weeks to go. We were lucky to have a visit from a UEA scientist- Dr Stephen Ashworth the Kitchen Chemist. His show was followed up with a day of light experiments for Year 6.

World Book day on March 8th was another success, the children looked fantastic in their book character inspired costumes, as did some of the staff! All children also performed class poems brilliantly at our annual Performance Poetry event held at Sprowston Community Academy on April 1st.

Just before Easter we sadly had to say goodbye to Mr Turner in year 6. The brilliant Mrs Harrod, who will be teaching and supporting your children for the summer term, joins us.

Some children in Year 6 have been involved in Jaguar Club- we wish them lots of luck at the up and coming finals.

SATs test begin on Monday 13th May and parents will receive a letter setting out the timetable in more detail.

Your children will also be taking part in activities and visits to their new schools and we will support them to make this both a positive and smooth transition

If you have any queries, please contact us - we are here to help.
