Dear Parent/Carer

I would like to take this opportunity (in amongst all the consideration of children's phased return to school) to reassure you that we continue to work towards bringing children back from White House Farm in time for the new academic year in September. I trust you will understand we are still unable to hold an event to update parents on plans for a temporary building, but they are progressing well. The building is going to be quite large, as it includes all the classrooms, group rooms, toilets, offices and a hall, which will allow us to have all lessons and other spaces needed for school life. It will be two stories high and situated on the field behind the existing school buildings.

I am sure you will be as pleased as I am to know everyone will be back on the school site, while very grateful for the hospitality of White House Farm staff and children. Repairs have been taking place on the main building but the pace of these remains restricted by measures to ensure they can be done safely. Having the temporary school buildings will mean that as works continue, we can bring children and staff back in to test the repairs. If there are still works needed following the tests we will have the temporary building to return to so we can minimise disruption to children's learning.

Thank you for your continued support.

A handwritten signature in grey ink that reads "E J Savage".

E J Savage
