1st July 2020

Dear parents and carers,

With only two weeks left of the school year, I would like to bring you an update with regard to the premises and the Falcon Junior School main building.

KEO and Portakabin have been working really hard for the last three weeks to prepare the groundworks for the installation of our modular building. It has been very exciting for us to watch the development on site. We hope that the buildings will begin arriving in mid-July, these will then be kitted out, ready for the new academic year. The school will be moving in at the end of August, ready for the children to come back. We are currently awaiting the government guidance for what schools will be like in September.

Norfolk County Council continue to work hard on the Falcon building with many contractors working on different aspects. Some issues have been identified with repairs underway, others remain under investigation. I will continue to update you as and when I have news.

As stated in my letter on 3rd June, Falcon will **close to all pupils on Friday 17th July** for summer. This will enable our staff to pack up all our resources and belongings from White House Farm Primary School and Sprowston Community Academy and return them to Falcon. Additionally, we will also be packing up our resources at Falcon ready to move into the modular building in August. These are very big jobs as I'm sure you can imagine!

I hope that you are as excited as we are regarding the modular build. There are images of what it will look like on the notice board at the front of the school for your reference.

Thank you for your continued support.

Yours faithfully
