26th November 2019

Dear parents

As you may be aware, the school has suffered reoccurring break ins since the end of October. In all instances, no damage has been done nor anything stolen however, the drain on staff time and resources has been considerable; Mr Smith, Mr Clarke and I have been called out at all hours and at weekends. Additionally, we have also received considerable police support.

As a result, the governing body have authorised the installation of a CCTV system to cover all of the external parts of the building, including the car park and bike racks. We will be updating our Privacy Notice and GDPR policies to reflect this recent development and will be installing signage around the school to inform the public that it is in operation. The date for installation of CCTV is Monday 2nd December.

I am sure you will agree that this added layer of security is much needed as we cannot continue with this level of disruption and need to protect the school from potential damage and loss.

Thank you for your continued support
